ABOUT:

The Deschutes, which is both a national and state scenic waterway, drops about a quarter of a mile in its final 100 miles as it twists through basalt canyons 700 to 2,200 feet deep. This tributary to the Columbia is renowned for its Summer Steelhead.

The Deschutes River offers some of the best dry line Steelhead fly-fishing in the country. Enriched in tradition and lore this river is an experience all steelhead anglers that strive for a soulful approach should enjoy. Our techniques shadow all the traditional aspects of swinging flies for steelhead. This is the perfect river to chase steelhead with a fly rod, a floating line (in shade), and traditional fly. The river is designed just right for holding fish in the perfect zone of a properly presented fly.

Mack Canyon is an access point. Jet-boating is allowed on the lower segment of the Deschutes River all year 'round except alternating weekends from June –September.

Starting in Late July or early August, overnight guided fly fishing trips for Steelhead are available.

We focus our efforts from Macks Canyon downstream. We target early, aggressive steelhead with swung flies. Single or double-handed rods are used to cover these large runs. August – October is the prime month to book a multi-day jet-boat trip for steelhead on the Deschutes River.

Deschutes River Trout DRIFT Boat CAMP Fishing Trip

When: May through early June

Days: 2-5

Anglers: 2 or 4 anglers

Price per: \$850 per day per 2 anglers (\$425 each)

Trip Overview:

We will be utilizing a Clackacraft Drift boat with a guide ratio of 1 guide for 1-2 anglers.

Is any fishing gear or tackle provided? We provide flies and fly rods when needed.

Meals:

Breakfast, lunch, and dinner are provided on camp trips. Dinner the last evening is usually not included.

At the Camp: A camp is set for your trip daily and moved downstream each day to your next riverside paradise (on prime fishing water) during our drift boat trips. At the end of the fishing day when you arrive in camp, your tent for the night will be set-up. You'll be able to sit back and relax, have a cocktail, or fish the camp water. All meals are skillfully prepared streamside by our staff. We provide all the camping gear with the exception of your sleeping bag and pillow. Tents are double occupancy in large four person tents including cots. We carry all drinking water; however, we do not provide alcohol, you are welcome to bring your own if you desire. Please pack liquids in plastic containers only – except that is for your wine!

Rivers and water are the soul of all life on the planet, so please join us in enjoying, marveling at, and protecting the river as they travel its length. With that in mind, they practice no trace camping. "Footprints should be the only clue to our presence after we leave."

Guides:

One guide per 1-3 clients is the standard ratio on our drift boat fly fishing excursions. Our guides have both CPR training and basic first aid certification along with being fully licensed and insured. We carry a very complete series of first aid kits on each boat, as well as a cell phone for emergencies only. If you have any pre-existing medical condition or food requests, please let us know in advance (bee sting or food allergies, diabetes, heart conditions, etc.). It is advised that you have a current tetanus vaccination before arrival. When you arrive at the river they will have a boat and river safety discussion. You will be issued a life jacket to be used for the trip.

Beverages: Fresh water (bring your own water bottle), sodas, and coffee and tea in morning and evening. Bring your own alcohol.

Pack list:

We provide you with two dry bags. One is a duffel size bag that goes down to camp ahead of you and the other is a smaller dry bag to carry things (like a change of clothes in case you get wet) on your guide boat.
